

sistema de resguardo de banho

shower enclosure system

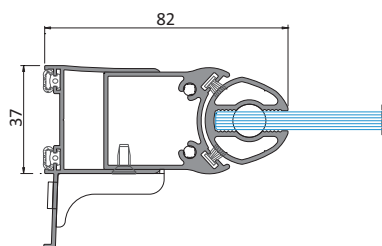

système de pare-douche

Características do Sistema

System features

Caractéristiques du système

Primando pela elegância e simplicidade, o novo sistema de resguardo de banho é bastante versátil permitindo a aplicação tanto em banheira como em base de duche.

A aplicação de vidro temperado de 6mm associado à nova tecnologia da pintura digital, permite a personalização do resguardo de banho ao gosto, tornando este sistema numa peça ímpar e exclusiva, combinando-a com as restantes linhas decorativas do espaço onde estará inserida.

Excelling for elegance and simplicity, the new shower enclosure's system is very versatile allowing the application in both bathtub or in shower tray.

The application of tempered glass 6mm associated with the new technology of digital painting, allows customization of the shower enclosure, making this system a unique and exclusive piece, combining it with other decorative lines in the space where it is inserted.

Exceller de l'élégance et la simplicité, le nouveaux système de pare-douche est très polyvalent permettant l'application à la fois dans la baignoire ou dans le bac de douche.

L'application de verre trempé de 6 mm associée à la nouvelle technologie de la peinture digitale, permet la personnalisation du pare-douche, faisant de ce système une pièce unique et exclusive, combinant avec d'autres lignes décoratives dans l'espace où elle est insérée.
