Visconde Deluxe Residence - S. João da Madeira

APRESENTAÇÃO
PRESENTATION | PRÉSENTATION

Seja o objetivo estético, arquitetónico ou funcional os ripados são bastante versáteis e oferecem uma vasta panóplia de aplicações. Entre outras soluções, podem ser utilizados para fins:

- Estéticos: como revestimento de paredes, com possibilidade de incluir pontos de luz;
- Arquitetónicos: Revestimento de fachadas, portas ou vãos, divisão de espaços;
- Funcional: Varandas, ventilação de espaços, proteção solar, zonas técnicas.

Dentro da gama existente, dispomos de um conjunto de perfis que possibilitam uma maior flexibilidade construtiva, compatibilidade com diferentes sistemas e capacidade de resposta às crescentes exigências do mercado, que vão permitir criar várias soluções adaptadas a cada projeto.

Whether the purpose is aesthetic, architectural or functional, slats are highly versatile and offer a wide range of applications. Among other solutions, they can be used for the following purposes:

- Aesthetic: as wall cladding, with the possibility of including light points;
- Architectural: façade cladding, doors or openings, space division;
- Functional: balconies, space ventilation, sun protection, technical areas.

Within the range of slats, we offer a set of profiles that allow greater construction flexibility, compatibility with different systems, and the ability to respond to growing market demands, enabling the creation of various solutions tailored to each project.

Que ce soit à des fins esthétiques, architecturales ou fonctionnelles, les lattes sont très polyvalentes et offrent une vaste gamme d'applications. Entre autres solutions, ils peuvent être utilisés à des fins :

- Esthétiques : comme revêtement mural, avec possibilité d'inclure des points lumineux ;
- Architecturaux : revêtement de façades, portes ou ouvertures, division d'espaces ;
- Fonctionnels : balcons, ventilation d'espaces, protection solaire, zones techniques.

Dans notre gamme de lattes, nous proposons un ensemble de profilés qui offrent une plus grande flexibilité de construction, une compatibilité avec différents systèmes et la capacité de répondre aux demandes croissantes du marché, permettant ainsi la création de diverses solutions adaptées à chaque projet.

Todas as medidas são consideradas em mm, salvo as devidamente identificadas

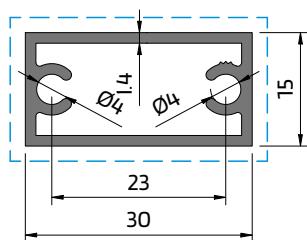

All measurements are considered in mm, except those duly identified | Toutes les mesures sont considérées en mm saufs celles qui sont dûment identifiées
